Start with the life direction, timing, and pressure that matter most. The spreads that follow stay rooted in the chart while keeping the reading editorial, not technical-first.

CONFIDENCE

Medium confidence

Useful signal exists, with some limits in the evidence.

READ THIS REPORT AS

a premium dossier with deeper timing, synthesis, and planning guidance

Premium keeps the full Predicta depth, but the layout removes repetition before it removes substance.

TRUST AND LIMITS

- Predictions are evidence-weighted guidance, not guaranteed outcomes.

How to use this dossier

This is a focused reading. Move from the chart spread into the specific outcome pages first, then use the trust and guidance pages last.

START HERE

Use the spreads in order

Go straight from the chart spread into the focused interpretation pages, then use the trust page last.

CHARTS

The PDF does not switch chart vocabulary

The PDF keeps the same sign, planet, degree, and status-mark language as the app so the charts still feel like your Kundli.

PREMIUM DEPTH

Depth stays, clutter goes

Premium keeps the deeper synthesis and timing, but the layout removes repeated scaffolding before it removes substance.

BOUNDARIES

Keep the trust pages in mind

Use proof pages to support decisions, not to replace context, judgment, or professional help in serious matters.

Where each graha sits in the chart

This table keeps every classical graha readable after the chart pages: house, sign, degree, naksha-
tra/pada, retrogression, combustion, exaltation, debilitation, and dignity are shown without crowding
the Kundli plate.

GRAHA	HOUSE	SIGN	DEGREE	NAKSHATRA / PADA	RETRO	COMBUST	EXALTED	DEBILITATED	DIGNITY

What this specialist reading is saying

This report stays with the selected method instead of mixing rooms. It surfaces the main meaning first, then the proof that matters.

KP PREDICTA

KP event answer and Proof Appendix

KP is kept as a separate Krishnamurti Paddhati section. It uses cusps, star lords, sub lords, significators, and ruling planets for event-oriented analysis. It is not blended casually with Parashari chart synthesis.

- Selected event question: general KP event-readiness report; choose a specific event for sharper final likelihood.
- Event verdict compass: Mixed promise. KP is not giving a personality reading here. It is saying the event should be judged through self, identity, and visible direction, work, service, and pressure handling, expense, release, and retreat, with Sun as the clearest carrier and cusp sub-lord proof before timing.
- Decision point: The decision point is the relevant cusp sub lord; for career-style events, the 10th cusp sub lord is Ketu.
- Timing readiness: Timing support is usable but still event-specific because ruling planets are available; final timing still needs the selected event and dasha/transit trigger.

FACTOR	OBSERVATION	MEANING
KP cusp 1	Leo 6.80°, star lord Ketu, sub lord Rahu, sub-sub lord Ketu.	Sub lord Rahu becomes important for house 1 event judgment.
KP cusp 2	Virgo 4.90°, star lord Sun, sub lord Saturn, sub-sub lord Jupiter.	Sub lord Saturn becomes important for house 2 event judgment.
KP cusp 3	Libra 5.63°, star lord Mars, sub lord Moon, sub-sub lord Moon.	Sub lord Moon becomes important for house 3 event judgment.
KP cusp 4	Scorpio 7.04°, star lord Saturn, sub lord Mercury, sub-sub lord Saturn.	Sub lord Mercury becomes important for house 4 event judgment.

CORE PROOF

- KP cusps available: 12.
- 10th cusp chain: Venus/Sun/Ketu.
- KP cusp 1: Sub lord Rahu becomes important for house 1 event judgment.

Appendix and supporting proof

These sections are kept late so the dossier preserves depth without forcing repetition into the main reading flow.

SCHOOL BOUNDARY

KP report boundary and readiness

KP Predicta reports stay event-first: cusps, star lords, sub lords, sub-sub lords where available, significators, ruling planets, dasha support, and transit trigger windows. They do not become Vedic personality reports.

- Readiness: Ready when a calculated Kundli is active; sharper judgment requires a specific event question.
- Free/basic: Free KP gives useful promise, blocker, and timing-readiness insight.
- Premium/paid: Premium KP adds full event proof, cusp/sub-lord chain, significator hierarchy, ruling planets, dasha/transit support, confidence, and limitations.
- Active profile: Bhaumik Mehta.

FACTOR	OBSERVATION	MEANING
School boundary	KP Predicta reports stay event-first: cusps, star lords, sub lords, sub-sub lords where available, significators, ruling planets, dasha support, and transit trigger windows. They do not become Vedic personality reports.	The PDF composition must not import another school lane by default.
Readiness	Active report focus is KP.	Ready when a calculated Kundli is active; sharper judgment requires a specific event question.

SUPPORTING PROOF

- Selected report focus: KP.
- KP Predicta reports stay event-first: cusps, star lords, sub lords, sub-sub lords where available, significators, ruling planets, dasha support, and trans...
- School boundary: The PDF composition must not import another school lane by default.

Use this dossier as a planning instrument, not as a one-line fate statement.

The premium dossier keeps the full Predicta depth, but it works best when you move from the chart spread into the relevant life spreads and save proof-heavy material for the end.

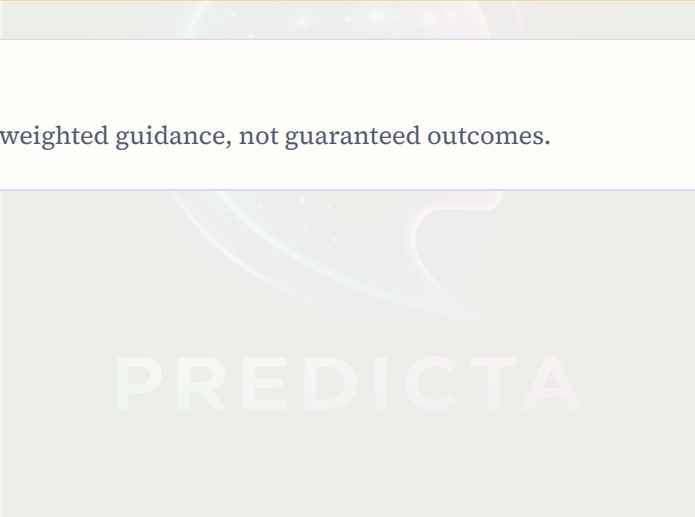

FUN CHART NOTE

Because you were born at 1980-08-22 at 06:30, Predicta keeps the chart in a sunrise hue to echo first-light momentum and beginnings.

Predicta keeps the same time-of-day chart atmosphere in the PDF so the document still feels like your Kundli, not like a disconnected export.

KEEP IN MIND

- Predictions are evidence-weighted guidance, not guaranteed outcomes.

The Predicta logo is centered in the lower half of the page. It features a stylized, light-colored celestial chart or constellation pattern above the word "PREDICTA" in a bold, sans-serif font. The entire logo is set against a light gray rectangular background.
