CONFIDENCE

Medium confidence

Useful signal exists, with some limits in the evidence.

READ THIS REPORT AS

a premium dossier with deeper timing, synthesis, and planning guidance

Premium keeps the full Predicta depth, but the layout removes repetition before it removes substance.

TRUST AND LIMITS

- Predictions are evidence-weighted guidance, not guaranteed outcomes.

How to use this dossier

This is a focused reading. Move from the chart spread into the specific outcome pages first, then use the trust and guidance pages last.

START HERE

Use the spreads in order

Go straight from the chart spread into the focused interpretation pages, then use the trust page last.

CHARTS

The PDF does not switch chart vocabulary

The PDF keeps the same sign, planet, degree, and status-mark language as the app so the charts still feel like your Kundli.

PREMIUM DEPTH

Depth stays, clutter goes

Premium keeps the deeper synthesis and timing, but the layout removes repeated scaffolding before it removes substance.

BOUNDARIES

Keep the trust pages in mind

Use proof pages to support decisions, not to replace context, judgment, or professional help in serious matters.

What this specialist reading is saying

This report stays with the selected method instead of mixing rooms. It surfaces the main meaning first, then the proof that matters.

NADI

Nadi karmic story and Story Evidence Appendix

Premium Nadi stays in its own reading lane: planetary story links, karaka themes, validation questions, and timing activations. It does not claim palm-leaf manuscript access.

- School boundary: Nadi Predicta is a Nadi-style planetary story lane, not KP cusp logic and not a Parashari personality report.
- Source limitation: Predicta does not claim access to real palm-leaf manuscripts or private lineage records.
- Regular Predicta reads Parashari. KP Predicta reads KP. Nadi Predicta reads Nadi-style planetary stories and validation patterns only.
- Predicta Nadi reads planet-to-planet stories: conjunction-style links, trinal links, opposition links, karaka themes, Rahu/Ketu karmic axis, and slow-transit activation. It stays separate from Parashari and KP.

Appendix and supporting proof

These sections are kept late so the dossier preserves depth without forcing repetition into the main reading flow.

SCHOOL BOUNDARY

Nadi report boundary and readiness

Nadi Predicta reports use planetary story links, karaka themes, karmic patterns, Rahu/Ketu axis, validation questions, and activation timing. They do not use KP cusp logic and do not claim palm-leaf manuscript access.

- Readiness: Ready when a calculated Kundli is active; deeper Nadi reading should ask validation questions before strong timing.
- Free/basic: Free Nadi gives a useful story-thread preview, gift, caution, validation prompts, and gentle guidance.
- Premium/paid: Premium Nadi adds deeper sequencing, validation-based deepening, activation windows, and practices.
- Active profile: Bhaumik Mehta.

FACTOR	OBSERVATION	MEANING
School boundary	Nadi Predicta reports use planetary story links, karaka themes, karmic patterns, Rahu/Ketu axis, validation questions, and activation timing. They do not use KP cusp logic and do not claim palm-leaf manuscript access.	The PDF composition must not import another school lane by default.
Readiness	Active report focus is NADI.	Ready when a calculated Kundli is active; deeper Nadi reading should ask validation questions before strong timing.

SUPPORTING PROOF

- Selected report focus: NADI.
- Nadi Predicta reports use planetary story links, karaka themes, karmic patterns, Rahu/Ketu axis, validation questions, and activation timing. They do not...
- School boundary: The PDF composition must not import another school lane by default.

Use this dossier as a planning instrument, not as a one-line fate statement.

The premium dossier keeps the full Predicta depth, but it works best when you move from the chart spread into the relevant life spreads and save proof-heavy material for the end.

FUN CHART NOTE

Because you were born at 1980-08-22 at 06:30, Predicta keeps the chart in a sunrise hue to echo first-light momentum and beginnings.

Predicta keeps the same time-of-day chart atmosphere in the PDF so the document still feels like your Kundli, not like a disconnected export.

KEEP IN MIND

- Predictions are evidence-weighted guidance, not guaranteed outcomes.

The Predicta logo is centered in the lower half of the page. It features a stylized, light-colored celestial chart or constellation pattern in the background. Overlaid on this is the word "PREDICTA" in a clean, white, sans-serif, all-caps font. The logo is set against a light gray rectangular background.
